# 100% implementation of the European Social Fund program

---

Article

June 4, 2024

Cofinanciado por:

In 2020, the Cooperativa Trabalhar com os 99%, CRL, had its application approved in the Competition for the Development of New Local Strategies for Social Intervention and Innovative and/or Experimental Projects in the Social Area (Notice Lisbon-40-2020-21) of the GAL Urbano [Rede DLBC Lisboa](#). This funding served as the basis for the work we have been developing over three years in the Lisbon territories: Bairro Padre Cruz, Marvila Velha, Anjos, Quinta do Ferro, São João de Brito, Prodac Norte and Prodac Sul.

Last month, we received notification that more than 100% of the funds executed had been approved. This is a particularly significant achievement given the complexity and demands

required by the European Social Fund, Lisbon 2020 and Portugal 2020 in justifying the expenses and execution of the work we proposed to do.
