

City Trees

The Parks, Biodiversity and Landscape Services Division has an important role in the provision and maintenance of street trees. There are more than 60,000 street and roadside trees within the city, with an average of 5,000 trees being planted by Dublin City Council in the city each year.

Share

In addition the division also looks after civic decoration such as street planters, and seasonal displays such as Christmas trees.

Dublin street trees

This leaflet has some basic care instructions to help your new street tree take root, see leaflet below:

Crainn Sráide i mBaile Átha Cliath

Tá crann curtha ag Rannán na bPáirceanna agus Seirbhísi Tírdhreacha Iasmuigh de do theach.

Is Crann _____ é seo

Cúram Crainn

Má thugtar aire do sna crainn le linn a gcéad cúpla bliain ag fás aníos éireodh níos fearr leo. Ar mhíste leat uisce a thabhairt don chrann i rith a chéad earraigh agus a chéad samhraidh go mór mór le linn tréimhsí tirim? Is féidir leas a bhaint as fuíolluisce a thagann ó ghníomhaíochtaí tí nó uisce-báistí bailithe. Is fearr bun an chrainn a coimeád saor ó fiailí chomh maith.

Go raibh maith agat as ucht cuidiú linn!

Dublin Street Trees

The Parks and Landscape Services Division of Dublin City Council have planted a tree outside your house.

This tree is _____

Tree Care

Trees will establish more successfully if they are looked after in the first couple of years after planting. If you can please water the tree in its first Spring and Summer, particularly during dry periods. Grey water generated from domestic activities or collected rainwater can be used if possible. Keeping the base of the tree free of weeds will also help.

Thank you for your co-operation!

Native tree trails

There are nine [Native Tree Trails](#) in Dublin City Council parks. On the Southside, we have four which are located in Bushy Park, Markievicz Park, Ballyfermot, Herbert Park in Ballsbridge and Lansdowne Valley Park, Inchicore.

On the Northside we have five which are located in Poppintree Park, Johnstown, Albert College Park, St Annes Park and Tolka Valley Park.

The trails will help to introduce you to a selection of Ireland's native trees. There are 15 native trees signposts in each park. To find them you can navigate your way around the park using [The Native Tree Trail Booklet](#)

1. Dublin Corporation Tree Preservation (Watermill Road/ All Saints Drive, Adjoining St. Annes National School) Order 1989.
