TIRANAPOST

The Mayor of Tirana, Erion Veliaj and the Mayor of Athens, Kostas Bakoyannis inaugurated today the "Helen Park", which is located in a very beautiful space on Farka Lake. Also present at the inauguration were the Greek Ambassador to Tirana, Sophia Philippidou, the EU Ambassador, Luigi Soreca and the Metropolitan of Amantia Nathanaili. Helen Park was realized with the help of the Greek Embassy in Tirana.

In his speech, Mayor Veliaj said that this park, so pleasant and relaxing for the citizens, is a space dedicated to the excellent relations between the two countries.

"What connects us to each other is not just the Mediterranean spirit and history, but also our relations, which are much more than that. Greece is one of those friendly countries that has unreservedly supported us in all our steps of integration into the European Union. "Today's gesture, marked with this park, we consider as a

sign of gratitude, but also an ornament to celebrate the excellent relations and the special relationship between Tirana and Athens, Albania and Greece", said Veliaj.

He said that the citizens of Tirana now have another green space where they can spend several hours of calm, while underlining that on Sunday the TIRANATHLON shopping mall will take place.

"In this huge unit now called the new metropolitan municipality of Tirana, they will inherit a fantastic space of 5500 m<sup>2</sup>, conceived as a multidimensional and comprehensive space for sports activities. We have decorated it with typical Mediterranean vegetation as a unifying element between Albania and Greece, as you have seen the olives, or many of the decorative bushes that are similar in our two countries", said Veliaj.

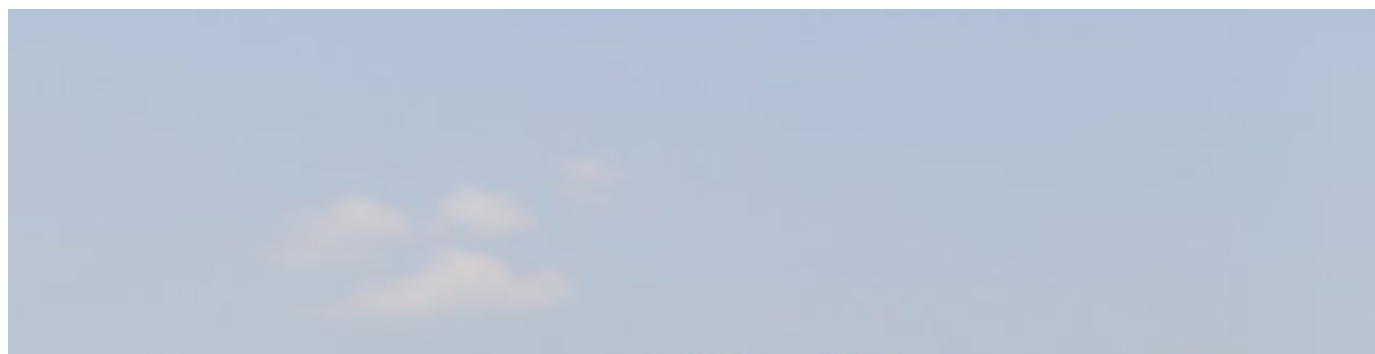

The mayor of Athens, Kostas Bakoyannis, thanked Veliaj for the work done, describing him as a man with a big heart. "I thank the Mayor of Tirana, who always attracts us, takes us with him with his dynamism, effectiveness, but he is also a man with a big heart. Because I cannot think of a better, more beautiful celebration for the 200th anniversary of the Greek war for freedom, outside the borders of Greece. This is a wonderful park in this truly blessed place, close to this beautiful lake," concluded Bakoyannis.

BAKOYANNIS

The Greek ambassador in Tirana, Sophia Philippidou, said: "We are dealing with a cooperation initiative with the Municipality of Tirana, if we did not have this cooperation, this project could not be realized."

"Helen Park" is a new option that will offer relaxation, entertainment, culture and sports activities to the residents of Tirana. It is a theme park that is distinguished

for the aesthetic side, which contains two main poles: the cultural one and the sports one.
